

PRODUCT SPECIFICATION

Product: PROTECTION KIT

REF: 2596

General description

The Cederroth Protection Kit is a procedure pack to be used as an aid in mouth-to-mouth resuscitation. It contains tissues for hand cleansing, single use protective gloves and a breathing mask. Cederroth's breathing mask is fitted with a one-way-valve that limits contact between the first-aider and the casualty. Clear instructions are printed in colour on the plastic cloth.

1 Intended use

To be used in first aid situations when giving mouth-to-mouth resuscitation.
